I'll be watching out for you

[v2] I wanna give a little kiss,
and all the love that I wont miss
If you would kiss me too

[ch] 2x / If you come on down,
you'd believe it

If you come on down,
you could feel it

[v3] If I lived in paradise,
you'd be the apple of my eye
I would never let you down

[v4] I could taste your ruby lips,
and put my arm around your waist
Now wouldn't that be nice?
