[v1] D G
A Now we hear it in Libanon,
A sounds of exploding bombs
G
A We hear it in Israel,
D
I know it's real

They've got 'em in Palestine,
crossing over the line
Killing innocence,
A D | | |
raping common sense

[ch] 2x / D G
A But I got hope, for a better world
D
I got hope, for every boy and girl
G
I got hope, I got to believe
A D | | |
I got hope, that's good enough for me /

[v2] It used to be Afghanistan,
Iraq and Iran
Now it's arabs versus jews,
you kill me, I'll kill you

There must be a common ground,
in old Jerusalem town
God would sure be pleased,
if we could live in peace

[ch]

[v3] Now you ask me, what's the deal?
Tell me how you feel
We're hangin' in a rope,
where do you find the hope?

I'll tell you, life aint fun,
but we can't quit and run
We're stuck on earth,
why should we make it worse?

2x [ch]
