My baby is coming home

© Roger Häggström 2008

[int] |G | | | |

[v1]
```
   G        C        G
Go tell the boss I'm gone,
          C      G
I need to sing a song
                      D
My baby is coming home,

my baby...

It's raining from the sky
Yes, the weather is alright
My baby is coming home,
                    G
my baby is coming home
```

[v2]
```
When you left me I could cry,
now your back and I'm alive
My baby is coming home,
my baby...

You found a way to me,
maybe Moses split the sea
My baby is coming home,
my baby is coming home
```

[br1]
```
  C       G   D    G
  Blue eyes, paradise
  C       G  D       G
  Red lips, so rich
```

[v3]
```
I'm not lonely anymore,
I got lovi'n in my soul
My baby is coming home,
my baby...

Soon I'll get a hug from you,
and I'll give a hug too
My baby is coming home,
my baby is coming home
```

[br2]
```
  Gold rings, sweetest things
  No fears, no tears / [br1]
```

[v1]

[out] 3x / **She's coming home,**
my baby is coming home /
